

NORTHEAST XPRESS INC. REQUIREMENTS

Due: April 22nd 6pm EST.

Your Vehicles

1. Triggering Request

- Clicking REQUEST triggers a pop-up calendar.

2. Selecting Start Date

- User selects START DATE from the calendar and clicks OK.

3. Automatic Message Sending

- Upon selecting the start date and clicking OK, an automatic message is sent to message.php: "Requesting parking space starting April 20th, 2024 for this vehicle." and button selection of "Approve" and "Decline" appears only accessible to admin.

4. Request Status

- As soon as the user submits a request, the status "PENDING" appears next to the buttons.

5. Admin Approval/Rejection

- If the admin approves, "APPROVED" replaces "PENDING." and the button is highlighted in the inbox and the user receives automatic email for approved request as per Figma design.
- If the admin declines, "DECLINED" replaces "PENDING." and the button is highlighted in the inbox.

6. Heading Display

- HEADING displays the correct number of vehicles added (0 if none are added).

7. Details

- DETAILS must be presented as per Figma design with an icon for going back to the previous page. Only show what was filled out in the form (don't include userid, id, or status)

8. Fix Form Correction

- FIX FORM must be changed as per Figma design.

9. Design

- Modify everything so it looks as per Figma design.

Inbox

- Design should be changed as per figma design.
- Add "new messages" and "read" sorting next to names of DMs for admin.
- Add "Approve" and "Decline" buttons functionality in the direct chat.

Profile

- SAVE CHANGES and CANCEL button need to be changed as per figma design.

Reset Password:

- The button should say "SEND CODE" as per figma design.
